DETAILED ACTION

Claims 1-17 are pending.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-17 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claims 3-4,15, the phrase "and the like" renders the claim(s) indefinite because the claim(s) include(s) elements not actually disclosed (those encompassed by "or the like"), thereby rendering the scope of the claim(s) unascertainable. See MPEP § 2173.05(d).

Regarding claims 2-3,10,13,15, the phrase "such as" renders the claim indefinite because it is unclear whether the limitations following the phrase are part of the claimed invention. See MPEP § 2173.05(d).

Regarding claims 1-17, it is not clear what the relationship between the term "x" and term "X" in step a. of the claim 1. The presence of the "1." and "a." adjacent to the formula (7) and (3) should be deleted. The term "comprising" is an open-ended term. A compound can not precede the term "comprising" since it renders the compound embracing indefinite species which can be known and/or unknown in the art.

No claim is allowed.
